

MIAP, the Microscopy and Image Analysis Platform Freiburg is a joined network for scientific infrastructure and image analysis, founded by the DFG in 2016 with meetings on a regular basis, that reflect the interconnected nature of all partner facilities. We would like to invite all partner facilities to our next MIAP partner units meeting held on October 26<sup>th</sup> 2018. We would like to discuss the current situation and affairs of the MIAP project and all partner facilities, summarize the events since the last meeting and talk about upcoming workshops, demonstrations and future plans. We would also like to talk about potential future grant applications, projects and investment plans in the facilities and their hosting institutions.

**Friday, October 26<sup>th</sup> 2018 - 12:00 – 15:00 o'clock**

University of Basel

Biozentrum, Imaging Core Facility, Room 188

Klingelbergstrasse 50/70

4056 Basel, Switzerland

**Organization:** Microscopy and Image Analysis Platform (MIAP), University of Freiburg  
Imaging Core Facility, Biozentrum, University of Basel

<b>Agenda: October 26<sup>th</sup>, 12:00 – 15:00</b>	
12:00 – 12:15	<b>Welcome, Introduction</b>
12:15 – 14:00	<b>MIAP Partner Units Meeting</b>
14:00 – 14:15	<b>Coffee Break</b>
14:15 – 14:45	<b>Seminar</b> <b>Signal-to-Noise ratio made easy: A tool to assess your confocal performance</b> <i>(Alexia Ferrand, Kai Schleicher: Biozentrum, University of Basel)</i>
14:45 – 15:00	<b>Q &amp; A / Discussions / Facility Tour / Open End</b>
