

## MIAP Partner Facilities Meeting

MIAP, the Microscopy and Image Analysis Platform Freiburg is a joined network for scientific infrastructure and image analysis, founded by the DFG in 2016. Meetings on a regular basis reflect the interconnected nature of all partner facilities. We would like to invite all partner facilities to our next MIAP partner units meeting held in January 2018. We would like to discuss the current situation and affairs of MIAP and all partner facilities. We would like to summarize the year 2017, talk about upcoming and potential future workshops, demonstrations and investment plans. It is also a great opportunity to discuss current scientific projects, user demands and future investments at the partner facilities.

**Wednesday, January 24<sup>th</sup> 2018 - 09:15 – 11:00 o'clock**  
Max Planck Institute of Immunobiology and Epigenetics  
Boehm Seminar room, 4.133  
Stübeweg 51, 79108 Freiburg im Breisgau

**Organization:** Microscopy and Image Analysis Platform (MIAP), Freiburg University  
Imaging Facility, Max Planck Institute of Immunobiology and Epigenetics

<b>Agenda: January 24<sup>th</sup>, 09:15 – 10:45</b>	
09:15 – 09:20	<b>Welcome, introduction</b>
09:20 – 09:30	<b>Topic 1: Introduction of new MIAP members / facilities</b>
